"Women's rights are an essential part of the overall human rights agenda, trained on the equal dignity and ability to live in freedom all people should enjoy."

Supreme Court Justice Ruth Bader Ginsburg was an icon of gender equality and women's rights. She dedicated her career to eliminating gender-based stereotyping in legislation and regulations. She advocated for countless civil rights issues including equal pay, same-sex marriage, and women's reproductive freedom.

Perhaps one of her most notable cases in support of women's reproductive freedom was **Whole Woman's Health v. Hellerstedt (2016)**, in which Ginsburg helped strike down a law that forced closures of abortion clinics and limited access to safe and legal procedures.

Despite setbacks including personal losses and major health issues, she remained vigilant until the very end, demanding reason and argument in service of justice and humanity. 🤝🌈❤️
